Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner suggested minor changes to claims 63, 65 and 66 in order to eliminate grammatical and formal errors, and also requested that claim 67 be amended to avoid potential 112-2 issues with respect to the "assaying" recitation. It was agreed that claim 67 would be reflected to recite assaying "at least one of said tobacco or said solvent" in order to clarify what was being "assayed". See attached Examiner's Amendment for detailed changes to the claims. .
